The frigid weather on the weekend of February 20 & 21, 2015 was not enough to deter the participants of the annual Top of the Lake Snowmobile Museum's Ride and Show.

Temperatures as low as **-34** degrees greeted the hardy group of antique and vintage snowmobilers who turned out for the 23<sup>rd</sup> Annual Show and Ride on Friday morning. The early rising snowmobilers headed for the Naubinway Community Pavilion for a tasty break-

fast put on by the Top of the Lake Communities Association. By the time breakfast was over the temperature was up to around -11 degrees and everyone was good to go.

Over 90 antique and vintage snowmobiles were fired up and ready for the 22 mile round trip ride to the Cranberry Lodge located on the shores of Cranberry Lake on the Hiawatha Sportsman's Club. Once reaching their destination the riders all enjoyed a hot dog cookout. A few machines had mechanical difficulties and had to have some help getting home. As always, a big thanks to the Hiawatha Sportsman's Club for their hospitality.

Friday evening brought a new feature to the 23<sup>rd</sup> annual event. A group of 30+ antique and vintage machines with their riders and machines, decorated with Glow Sticks, gathered at the Museum and then left for a

parade tour of Naubinway. Then they headed out to the trails for a ride to the bridge on the pipe line trail and then back to the Museum. Back at the Museum the riders and friends gathered in the conference room to visit with fellow snowmobilers and enjoy the tasty homemade chilies and soups brought in by many of the local townsfolk. The Museum was a great place to spend time with many friends that one only gets to see during the snowmobile season.

By Saturday morning, Old Man Winter had relented on the brutal temperatures of Friday and the sun was out with a balmy 12 degrees and very light winds for the 23<sup>rd</sup> annual show. There was an excellent turnout of over 160 antique and vintage machines lining the display area in downtown Naubinway for the show on Saturday. It was exciting to see the great turnout of the featured Skiroule snowmobiles. Participants were able to visit the Community Center Pavilion throughout the day to enjoy chili and fixins prepared by the Big Mac Pack Snowmobile Club.

Later in the afternoon with machines safely tucked away, many participants headed to the Engadine/Garfield Township Hall for the closing banquet and festivities. It was great to see several new show participants. As usual, the hall was packed for the great meal prepared by Ethel Toms of the Beary Patch restaurant and for the remaining activities.

After dinner, the evening began with the Top of the Lake Community Association's silent can raffle. The drawing was held for the Grand Prize Snowmobile Raffle Drawing, which was won by Ethel Toms of Engadine, Michigan. Next, John McGuirk presented a short history of the show's featured Skiroule snowmobiles. The highlight of the presentation was the introduction of the Rokie and Lois Talentino family from Sault St. Marie, Michigan. Four generations were represented at the banquet. As a Skiroule dealer from 1967 through 1977, Rokie was once recognized as one of the best Skiroule dealerships in the U.S. His Skiroule snowmobile has been restored and is on display in the Museum.

The evening concluded with the annual banquet auction conducted by Ted Postula. (Thanks Ted for your great job- we appreciate it.) The bidding was enthusiastic and brought in a great return for the benefit of the museum. The banquet concluded the official show and ride weekend and many were heard planning already for their return for next year show and ride. We look forward to seeing everyone again next year, the third weekend in February!

## Skiroule and Rokie Talentino Story

Diana Talentino Mills and her brother, Jim Talentino, were at the show & banquet to honor their father, Rokie Talentino. Rokie owned the Skiroule that is on display in our museum. The Show and Ride weekend was also his birthday; Rokie passed away a few years ago.

### **Letter to the Museum from Diana Talentino Mills:**

*Our parents, Rokie and Lois Talentino, were visiting their daughter, Diana, in North Muskegon, MI in 1967. That is when Rokie first saw a Skiroule snowmobile in a race. From then on our father was all Skiroule. He returned home to the Sault and started to sell them in 1967. He became one of the largest dealers in three states (MI, WI and MN), selling them until 1977 when they were no longer being built.*

*Today we have 4 generations here in honor of our parents: myself, Diana, and husband Pat; brother, Jim and wife, Rose; grandchildren; Tony Talentino and friend, Leslie Combs; Terri Miller from Clovis, New Mexico – Terri just retired from the US Air Force after 20 years of service to our country; Great-grandson; Bradley and friends Rod Hesslick & Don Laitinen, who donated the Skiroule to the Museum.*

*This machine was given to Don by our father, and was told he wanted it to be shown. What better way to have it enjoyed and seen by a large number of people? Thank you Don Laitinan for giving it to the Museum.*

*It is a true honor to be here today. We know our parents would be so happy.*

*Thank you,  
Diana and Jim*

Above: This Skiroule was donated by Rokie Talentino to the 449<sup>th</sup> Bomb Squadron at Kincheloe AFB. It traveled around the world and was an especially huge hit with the airmen in Africa. Notice it does have a wheel kit, making it easier to move around on the tarmac. This snowmobile has a story to tell!

## Building Fundraiser/Pledge Form—501c3 Not-For-Profit Corporation

The Museum Board is seeking funding to continue support for the new building on US 2 in Naubinway. A business, Snowmobile club or person who donates will have your name on our donor wall. You will also receive a tax-deductible receipt. \$1000 donors will also receive either lifetime gold membership or a free banner ad on the Museum website for five years.

**Return form to: Top of the Lake Museum

## Soo I-500 Vintage Lap and Show - Feb 7, 2015

This was our 2<sup>nd</sup> year hosting the Vintage portion of the Soo I-500 Event, the Memories at the Mile. There were 60 vintage snowmobiles that made the lap around the track before the actual start of the 47<sup>th</sup> Annual Soo I-500 Race.

For some, it was an annual event. There was one man who has done it 15 times now. For others, it was their first year. Thommy Wisner, the People's Choice winner, is a high school senior from Blanchard, MI. He restored a 1990½ Polaris RXL as a class project. He finished it the day before he and his family left to go to the I-500. This was their first time at the Vintage Show and then he won the People's Choice Award! I bet he had some stories to tell his friends when he got back home! Robert Bloom was the runner up for the People's Choice Award. Robert is from Pullman, MI. He brought a 1976 Arctic Cat 250 Z. We want to thank Craig and Sharon Oliver for donating both People's Choice Awards, and Steve & Sherry Landon for designing the dash plaque that was given to each person displaying a snowmobile.

If you're thinking about giving the Mile a spin next year, you need to pre-register by calling the Museum in advance.

## Poker Run Benefits the Museum

Brent Edgerton hosted a Poker Run and donated the proceeds to the Top of the Lake Museum.

This was the first year for this event. Brent (who is the son of Fred, our loyal museum supporter and stone mason) wanted to do something in honor of Fred's wife, Tam, who was killed by a drunk driver, and for the Museum. Brent decided to host a poker run near Hale, MI.

This was a trial run so he didn't advertise; however, 50 of his friends came to help support the event!

They had a great time and raised \$1600 for the Museum! It sounds like this will be happening again next year. Watch our Facebook page or website for the date and more information.

## 2015 Valentine's Day Blizzard

Our busiest day ever — 87 visitors showed up at the Museum!

## "Ice Bridge" trip to Mackinac Island, Feb 22, 2015

For the last two years, some of the people who were at our Snowmobile Show met in St. Ignace the Sunday following the Show for a ride to Mackinac Island. We hope to make this an annual event (depending on ice conditions.)

## Students Interested in Snowmobile History

In January we received an email from Owen & Nathan from Chaska Middle School in Chaska, MN. They were working on their History Day project about Edgar Hetteen, the "grandfather of snowmobiling." They wanted to know how he lived and demonstrated leadership. I was more than happy to send them information that we had. You can find Museum stories on our Facebook page and on our Website.

## MCACA Grant Awarded to the Museum:

The Museum was notified in March that they are receiving a matching \$3170 grant from MCACA (Michigan Council for Arts and Cultural Affairs) to restore a Waywego snowmobile that was made in Trenary, MI (thank you, John B, for writing the grant.)

Charlie found one about 15 years ago near Munising, MI, but had no idea what it was. It sat in his garage waiting to be discovered. Last fall there was a forum on Vintage Sleds.com about the Waywego. The owner of one in Manistique was trying to find out what it was.

The research began and we ended up talking to Will Webber, the grandson of Ralph Webber. Ralph built at least five of these machines in the 1960's in Trenary. Will has contacted the family looking for pictures or any other information. He brought the bodies and parts for three of these machines to Charlie and donated them to the Museum. We are restoring the machine that Charlie purchased many years ago and it will find a good home in the Museum. The "unveiling" of the restored Waywego will be during our Swap Meet/Auction, which will be September 19, 2015. I'm sure the Webber family will be here to help us celebrate. Come join us!

## St. Ignace Tractor/Snowmobile Show – Sept. 11 & 12, 2015

In 2014 we were approached by the St. Ignace, MI Chamber of Commerce to join the Tractor Show, which involves 900+ tractors crossing the Mackinac Bridge the second Friday in September. We gladly accepted and we hosted the Snowmobile Show.

The Show was located inside the Little Bear Arena in downtown St. Ignace. The tractors parked in the parking lot of the Little Bear Arena after crossing the Bridge. I have to admit, that was an amazing sight to see!

We have heard from everyone who entered snowmobiles last year and they are excited to come back again in 2015. Everyone is welcome to bring anything you have to this show. Last year we had a 1944 Allis Chalmers M-7, which was made for use during WW II.

We would like to have registrations completed before the show, if possible. Contact the Museum for more information. Snowmobiles can be brought to the Little Bear Arena Thursday evening. The Show will begin Friday morning and end on Saturday afternoon. Contact the St. Ignace Chamber for places to stay – [sicc@lighthouse.net](mailto:sicc@lighthouse.net).

March 9, 2015. These two adventurous souls, John Fromm and Ron Wenta, drove to the Museum from Rapid River, MI, on their 1967 Evinrude Skeeters! John and Ron are from Wisconsin, but John has a cabin in Rapid River, so they left the cabin at 4:00 am! They made it to the Museum at 3:00 pm, very tired, but still smiling! Whew!! They made the same trip last year, but extended it from two days to five days this year. They are planning on doing it again next year. This is part of the final story John wrote about their trip:

*"We arrived back at the cabin at about 1:30 pm after logging 513 miles in 5 days. We would have been closer to 600 if trail conditions had held out at Whitefish Point and were able to get from Wetmore to Christmas. All in All a good run. Some stats of our trip: (per sled)*

*\*About 55 gallons of fuel burned.*

*\*Just over 2 gallons of OMC XD30 oil consumed*

*\*Changed spark plugs after every day's riding- B7S=10 spark plugs. No other plugs were fouled or changed on the trip.*

*\*Average MPH: right around 20 in the wet sugary snow- around 25 in the mornings when the snow was firmed up from colder temps.*

*\*The only issue we had was a broken POLARIS spring in John's slide rails. He had a spare and tools along and thanks to Curly's garage we had it changed out and left after only an hour delay."*

(Right)  
Kye & Kelly become engaged during our Show Ride! Congratulations to a great couple! (They said they were going somewhere warm to get married!)

## New Addition to Museum Displays:

### Valley Camp Polaris Sno-Traveler:

This 1961 snowmobile, powered by a 13 hp Onan engine, was used by the U.S. Army Corps of Engineers to tow the ice boring machines out onto the St. Mary's River, in Sault Ste. Marie, MI. It could tow up to 1500 lbs with two people on board. Sleds with dogs or horses were used to tow the equipment before the snowmobile came along. They drilled holes in the ice to determine how much could be dredged from the river. In 1893, machinist James Strachan invented an ice auger enabling two men to make as many holes as 15 could chop with an ax. This snowmobile made the project even that much easier. The Polaris Sno-Traveler has been at the Valley Camp Museum in Sault Ste. Marie for 25+ years and made its way to this museum in October, 2014.

Right: Vides King, our 95-year-old local special lady, came in to see the Valley Camp Polaris. She has been following the story of this snowmobile and she wanted to come into the Museum to see the actual machine. The cane that she is holding was made by her father.

## New Volunteer – Tom Poole

We began our new year with a new volunteer, Tom Poole. Tom and his wife, Sharon, moved up here permanently last July. Tom's first trip to the U. P. was when he was 12 and he continued to come up here with his family every year. Tom was a volunteer at the R.E.Olds Transportation Museum in Lansing for many years and he has a 1929 Ford Model A car (the first one he restored). He also knows old snowmobiles, so he has become a great asset to the Museum. He volunteers here on Mondays and Fridays. Thank you Tom!

Left: Diane Schoens sent us an article and picture about her grandfather's 1912 version of a snowmobile.

Diane's cousin, Jefferson, came in two weeks later and was telling me about this same machine. I showed him the picture we have and he was very excited to see it! This machine was built by Jefferson & Clarence Bigelow, in Flint, MI and powered by the rear engine of a motorcycle.

## Fundraiser for Bill Labadie

August 9<sup>th</sup>, 2014 Bill Labadie was helping a friend with a tree trimming project. He fell 35 feet when his safety harness broke. He was air-lifted to Marquette Hospital where he underwent emergency surgery. He ruptured his first lumbar vertebrae and fractured his second lumbar vertebrae.

The results of this type of injury are almost always paralysis. It was a successful surgery, but a couple weeks later, he was back in the hospital with a blood infection. In December, he underwent another surgery. The cage that was originally built had slipped and was causing extreme pain. Doctors were able to operate and fix some of that. Bill continues to improve and he started pool therapy in February, 2015.

Bill is the son-in-law of Charlie & Marilyn Vallier and he has been a huge help with the Museum since its beginning. He is married to their daughter, Michelle, and they have a 9 year old son, Owen. Owen has also undergone surgeries and trips to Beaumont Hospital in Detroit for a genetic eye disease. In order to help the family with their astronomical medical and living expenses, "Team Labs" sweatshirts and t-shirts are being sold. You can contact the Museum if you would like to order some. Bill's nickname during his stay at the hospital became "Superman", so the Superman logo on the shirt comes in either grey or pink. Sweatshirts are \$25 and the T's are \$15.

**F**rom our Facebook page, March 7, 2015: "We had a group of vintage riding snowmobilers here today. They are from the Flint area, and Cheboygan. The leader of the pack is Jim Haist, who made the arrangements to get here and have a pizza lunch ready for them when they arrived. It sounds like they had quite a few mechanical issues. We all know that goes along with riding vintage machines. It sounds like they are having a great time anyway! Thanks to Village Pizza here in Naubinway for supplying the pizza."

People send us some great pictures!

The Rodgers City Snowmobile Show and Ride will be moved to the first weekend in March, 2016.

**M**ark Musselman delivered one of his brother, Brian's, Soo I-500 winning sleds from 1984 & 1985. The Puffer, winner of the first race in 1969, will be leaving to go back to the St. Germain, WI museum.

We hope to have some more I-500 race sleds here on display soon. This will be one of the I-500 sleds on display at the Vintage National Championship Show this Aug. in Midland, MI.

## VSCA 10<sup>TH</sup> Annual National Championship Snowmobile Show & Swap- August 7 & 8, 2015.

The Vintage Snowmobile Club of America is excited to be having its 10<sup>th</sup> annual event this summer on Aug 7<sup>th</sup> and 8<sup>th</sup> at the Midland County Fairgrounds, Midland Michigan. There will also be a huge 2 day swap meet on the grounds too. We are also very excited to have the ASCOA (Antique Snowmobile Club of America) join us this year with their Official Summer Meet held in conjunction with the Nationals- this will bring in some great historic sleds that many have never seen before and we are pleased to welcome them aboard—we are all in this crazy hobby together.

Don't stop reading just yet- it keeps getting better. We have been working with two long time key snowmobile racers from Michigan (Bob Adamowski & Dana Wiltse) and they are helping organize and hosting a Michigan Snowmobile Racers Reunion – with many racers, their sleds and memorabilia from the 1960's to current times. All of the various types of sled racing will be represented here; ovals, sprint, enduros, ice drag, grass drag, asphalt, top speed and more. There will be some record holding sleds and hero's here that represent Michigan's proud role in the snowmobile history and industry for the last 6 decades. Long time Michigan industry leader International Engineering, Hope Michigan "WOODYS TRACTION PRODUCTS" is a key sponsor of this and will be bringing some great record holding sleds and personalities too. Word on the street is that you may even be able to get a close up sneak peak at some record holding Soo I-500 sleds and some Eagle River Worlds Championship sleds too. There may even be Race Team Rigs (some old and some new) showing up too -- You'll have to come to find out for sure.

The swap area will be several acres of hobby related vendors and swappers all holding onto that last little part or treasure that you need to complete your latest project- or to hang on the wall in your snowmobile man cave! All of the top hobby related vendors, dealers & supporters will be here.

After the two full days of an exciting show and swap the awards will be on site in the Gerstacker building on Sat evening. We have lined up some very exciting keynote guest speakers for the awards banquet and you'll have to get your tickets soon.

We are doing our best to make this a great event for everyone and we look forward to many more announcements coming soon-- so stay tuned. Look for us on VintageSleds.com, Facebook & website (almost done) [www.vsc2015.com](http://www.vsc2015.com)
